MILWAUKEE PUBLIC SCHOOLS

We want to hear from you!

DISCUSSIONS *on* CLASSROOM CONDUCT

MPS continues to focus on collaborative discussions around student conduct and classroom management. Using a multi-tiered system of support, the district is adapting discipline practices to create a positive climate, respectful interactions, and thoughtful engagement. We invite families and community members to participate in these important discussions.

- Share experiences regarding behavior and communication
- Discuss approaches, actions, and attitudes to build trust
- Suggest ways to strengthen school culture
- Address concerns on discipline practices that deter learning
- Provide ideas to enhance the learning climate/environment
