Dear Mr. Geib,

We have completed a peer review of the Milwaukee Public Schools, Office of Board Governance - Audit Services for the period April 1, 2018 through December 31, 2021. In accordance with generally accepted government auditing standards peer review requirements, we followed the standards and guidelines contained in the *Peer Review Guide* published by the Association of Local Government Auditors (ALGA).

We reviewed the internal quality control system of your audit organization and conducted tests in order to determine whether your internal quality control system was adequately designed and operating effectively to provide reasonable assurance of compliance with *Government Auditing Standards* issued by the Comptroller General of the United States and applicable legal and regulatory requirements. Our procedures included:

- Reviewing the audit organization's written policies and procedures.
- Reviewing internal monitoring procedures.
- Reviewing a sample of audit and non-audit service engagements and working papers.
- Reviewing documents related to independence, training, and development of auditing staff.
- Interviewing auditing staff, management, and a member of the Committee on Accountability Finance, and Personnel, to assess their understanding of, and compliance with, relevant quality control policies and procedures.

Due to variances in individual performance and judgment, compliance does not imply adherence to standards in every case but does imply adherence in most situations. Organizations can receive a rating of pass, pass with deficiencies, or fail. Milwaukee Public Schools, Office of Board Governance - Audit Services, has received a rating of pass.

Further, based on the results of our review, it is our opinion that the Milwaukee Public Schools, Office of Board Governance - Audit Services' internal quality control system was adequately designed and operating effectively to provide reasonable assurance of compliance with *Government Auditing Standards* and applicable legal and regulatory requirements for audits and non-audit services during April 1, 2018 through December 31, 2021.

INDEPENDENCE AND AUTHORITY

INDEPENDENCE REQUIREMENTS

- Fundamental to a successful peer review is assurance that the audit function has full independence to conduct audits and investigations. Threats to independence per GAO, 3.30 (e), (g), and 3.42 (a) (b) and (f) include obstruction of information requests, interference in obtaining relevant records, documents, personnel, and undue influence on the direction of audits and investigations.

PEER REVIEW PROCESS

- The independent review by a team of auditors from ALGA includes a review of Audit policies and procedures to conduct audits and investigations, along with a review of workpapers, reports, training records, interviews with staff and discussions with Audit Committee and Board members.
- A written report is issued at the conclusion of the peer review process.
- There have been six successful peer reviews previously with the highest level of compliance achieved. The most recent ALGA peer review was completed and issued in April 2022 with a Pass Opinion and No Management Letter Comments.

BOARD POLICY 2.12

- Board Governance Policy 2.12 in its current form provides the independence and authority for Audit Services to meet the Peer Review independence standard. This policy has been in place since 1995.
- OAE Audit Services intends to put forward an updated version to the next LRP Committee meeting that will further strengthen the independence of the OAE Audit function consistent with GAO independence standards for the Board's consideration.
