

## Superintendent's Proposed Budget

Submitted to the Milwaukee Board of School Directors on April 26, 2017

Fiscal Year: July 1, 2017 – June 30, 2018

Line Items

## Table of Contents - Line Items

The Milwaukee Public Schools budget is organized into four sections: Budget-in-Brief; Organizational; Financial, including Schools, Central Services and Line Items; and Informational, including City Profile, MPS Profile and Glossary. The line items subsection is contained within the Financial section.

The Line Items provide detailed information of the proposed expenditures for 2017-18 with reference data from current and prior years.

## **Guide to the Line Item Budget**

The Milwaukee Public Schools automated financial system is referred to as IFAS (Integrated Financial and Accounting System). The Milwaukee Public Schools line item budget groups the individual financial statement items by cost centers (e.g. school grade spans or textbooks) or departments (e.g. Office of the Superintendent or School Administration).

Following is a brief explanation of the district's account code structure and definitions. There is a listing of some common functions and objects following this overview.

### **KEY**

**Function** – Three characters: Describes the area of the purchase/service. A listing of commonly used function codes follows this overview.

**Grade Level** – One character: This character is only used for school information, E.g.: first grade, ninth grade, etc. When a position or other budget item is a school-wide cost category, a grade span code is used (H for high school is an example). The grade level is shown as “0” when the expenditure is associated with a central or school-wide activity.

**Cost Category** – One character: Defines four cost areas, including instruction, instructional support, administration, and building operations.

**Project** – Three characters: The grouping that is used to fund the expenditure, e.g.: High Schools (BDH), Textbooks (INV), AGR (SG8), Title I (T18). Multiple projects may be associated with a department or a school. Projects are identified by project code and description on each page of the line item budget.

**Location** – Two characters: The school or department code. The line item budget uses XX in place of location codes to present a budget that is summarized at the project level.

### **OBJECT**

**Object** – Four characters: Describes the actual service. For example, ESUP indicates the budget is an expenditure budget for supplies.

**Job Code** – Four characters: Describes the actual service. For positions, the four character descriptor identifies the employee workgroup and a four-digit numeric job code suffix follows. Each job type in MPS (bookkeeper, assistant principal, etc.,) has a separate and unique job code.

**The following is an example of what a “High School Art Teacher” code would look like:**

<b>ART</b>	<b>H</b>	<b>I</b>	<b>BDH</b>	<b>XX</b>	<b>ESTC</b>	<b>5105</b>
Function	Grade Level	Cost Category	Project	Location Code	Object	Job Code

**IFAS
