6. The chart below details the projected contract amount for each of the districts that will be reimbursed for transportation for the 2018-2019 school year. Milwaukee Public Schools initially pays the district a per pupil amount equivalent to the average per pupil cost for that district if Milwaukee Public Schools scheduled the service. In subsequent years, Milwaukee Public Schools pays the average per pupil cost, plus inflation, as measured by the Consumer Price Index (CPI). Actual costs are based on third Friday in September enrollments. Annually, the Administration reviews the contracts to ensure that these suburban contracts cost the district less than if Milwaukee Public Schools scheduled the transportation services. The Administration is requesting authorization to enter into contracts with the following suburban districts to reimburse the cost of transportation services for students participating in the Inter-District Transfer Program (Chapter 220).
