Schools

The MPS budget is organized into four sections: Executive Summary; Organizational; Financial, including Schools, Central Services, and Line Items; and Informational, including City Profile, MPS Profile, and Glossary.

The school’s subsection of the 2024–25 Superintendent’s Proposed Budget describes the funding allocation for MPS-staffed schools and the budgetary process by which school budgets have been developed. Each centrally supported school function and program is also briefly described, followed by information regarding MPS contracted schools. The subsection also lists various ways that MPS is engaged with students, families, and the community in support of the schools. In the final portion of this subsection, allocations are described and listed per school, and each MPS-staffed school’s profile (snapshot) is included. The term “traditional” refers to a school funding and oversight model; it is not descriptive of the school program.

School Operations Fund Resources for Schools

Total enrollment for 2024–25 is 66,377 for all MPS school types. Funding that is allocated directly to these traditional, charter, alternative, and school accounts in 2024–25 is \$1.1 billion. Centralized Services accounts for \$52.8 million for a total of \$1.15 billion supporting traditional, charter, and alternative schools.

The sections below will describe the allocation and budgeting process for MPS traditional, alternative, and instrumentality charter schools, then for non-instrumentality and partnership schools. Descriptions of these school types are included at the end of the narrative portion of this subsection.

Allocation Methodology—School Operations Fund

In January 2024, the administration proposed and the Milwaukee Board of Directors adopted parameters that would guide the development of the 2024–25 budget. The parameters are necessarily modified by the resources available, but they help to guide the decisions made during the budget preparation process. The adopted parameters called for the 2024–25 Superintendent’s Proposed Budget to be developed with the following guidelines:

1. Allocate equitable educational resources and well-prepared staff to improve students' access to high-quality instruction.
2. Allocate resources to improve academic achievement in all areas, including fine arts, music, physical education, career and technical education, and world languages.
3. Reallocate resources to boost academic achievement, particularly through small group instruction in literacy/English language arts and literacy/mathematics.
4. Address staffing needs to ensure adequate resources are in place for school-based programs.
5. Prioritize school budgets by adjusting and repurposing educational programming and departmental budgets.
6. Allocate resources to support school library, art, music, and physical education.
7. Foster a positive school environment that promotes a sense of belonging, cultural responsiveness, and access to social-emotional learning and mental health support.
8. Develop a professional development schedule that is aligned with the needs of administrators, teachers, paraprofessionals, and other staff.

9. Implement strategies for staff recruitment and retention, addressing findings from the compensation study.
10. Implement salary schedules with a potential cost-of-living increase.
11. Consider modifications to employee benefits for eligible staff to identify cost savings and increase efficiencies.
12. Explore operational efficiencies related to district functions, including payroll, professional development, hiring processes, and temporary housing for international teachers.
13. Expand the number of site-based production kitchens.
14. Continue implementation of a kitchen equipment replacement schedule based on an inventory aging report.
15. Expand internship and apprenticeship options for students by increasing business partnerships, retaining current partnerships, and leveraging internal opportunities within MPS.
16. Address deferred maintenance and future construction needs by restoring revenue to the Construction Fund and the Long-Term Capital Improvement Trust.
17. Ensure school membership adequately reflects building capacity and staff needs.
18. Increase the fund balance to promote long-term stability and flexibility in the School Operation Fund, practicing sound financial management.
19. Develop a balanced budget compliant with state law while maximizing the revenue limit.

A key component of the superintendent’s Five Priorities for Success is to maximize resources directly allocated to schools and school-based services. Fall third Friday enrollment adjusted for planned school changes was used to calculate schools’ base allocation using the per-pupil allocations listed in Chart 3.4.

Chart 3.4 Per-Pupil Allocations

Per-Pupil Allocations			
School Level	2022-23 Amount	2023-24 Amount	Inc/(Dec)
High	\$3,715	\$4,446	\$731
Middle	\$3,565	\$4,446	\$881
K-8	\$3,927	\$4,446	\$519
Elementary	\$3,798	\$4,446	\$648

In addition to the per-pupil allocations described above, many schools receive “site” allocations. Site allocations are items that are not easily distributed on a per-pupil basis and are specific to a school due to staffing or other unique requirements. Site allocations include the following:

- Schools with culinary arts and Turnaround Arts programs are allocated 1.00 FTE teacher.
- Schools with an enrollment of 350 students or fewer are allocated the dollar value of 0.50 FTE teacher to offset the higher costs of staffing a small school.
- English as a second language (ESL) school-based classroom staff are allocated based on a weighted formula that considers the proficiency level of enrolled limited-English learners.
- Specialty schools—such as art schools, International Baccalaureate (IB) schools, gifted and talented, career and technical education, STEAM (science, technology, engineering, arts, and math), and Milwaukee School of Languages—receive 1.00 FTE teacher and \$150 per student.

- Turnaround Arts schools are allocated 1.00 FTE teacher to implement the Turnaround Arts initiative.
- Turnaround Arts schools receive additional funding for art, music, and physical education (AMP) teachers and library staff beyond their enrollment allocation.
- All other specialty schools receive 2.25 FTE paraprofessionals and \$150 per student (Montessori, language immersion, and dual language).
- Transportation support is provided for instrumentality charter schools.
- Instrumentality charter schools receive allocations for audit costs.
- Additional funding for budgeted schools is provided at a weight of \$50 per student.

Recent Referenda

Since the 2007–2009 Great Recession, state funding has not kept pace with inflation forcing school districts to increasingly turn to local referenda to avoid service cuts. Since then, the MBSD has twice asked Milwaukee voters to increase local property tax revenue limits. Voters generously approved both referenda.

In spring of 2020, citizens of the city of Milwaukee overwhelmingly voted in support of an operational referendum that increased funding received by MPS over the four years. The referendum allowed MPS to exceed the state-imposed revenue limit through property taxes by \$87.0 million per year, starting with up to \$57.0 million in FY21, increasing to \$77.0 million in FY22, to \$84.0 million in FY23, and finally to \$87.0 million in FY24 and every year thereafter.

In spring of 2024, state revenue limits, the end of the federal Elementary and Secondary Emergency Relief grants, and historic inflation required the MBSD to again ask voters to consider a referendum to correct a projected \$200 million shortfall, and preserve educational services for students. Milwaukee voters again approved raising the district’s revenue limits. The 2024 referendum approved phasing in an additional \$140 million in funding in year one, increasing to \$252 million in school year 2027–28.

School Budget Development

Though school allocations were maintained at prior-year levels, schools had the opportunity to revise their budgets for the 2024–25 school year based on the needs of the individual school. School leaders worked with staff and School Engagement Councils to get feedback and revise as necessary. Many school leaders also met with or contacted their Central Services support team during this part of the process. School leaders then submitted a balanced budget and accompanying information on staffing, contingency plans, etc. Financial Planning and Budget Services staff worked with regional resolution debrief teams to review budgets submitted by schools and made any necessary recommendations regarding what was submitted. Team members included regional superintendents, instructional leadership directors, Office of Academics staff, Human Resources staff, and Financial Planning and Budget Services staff. Each regional team met to review all alternative, instrumentality charter, and traditional schools’ 2024–25 proposed budget options, verifying the integrity and feasibility of the spending plan as submitted. These meetings gave the school support teams the opportunity to collaborate and “connect the dots” on issues such as class size, staffing, and school spending patterns.

Fall Budget and Staffing Adjustment Process

In the fall, schools will work with Department of Financial Planning and Budget Services staff to adjust school budgets resulting from the difference between projected enrollment and actual enrollment and for any other developments not known in the spring. The enrollment at a school on the third Friday of September is used to determine a school’s final allocation amount. To maintain consistency in staff and programming at the school, adjustments are carefully reviewed by staff in the Department of Financial Planning and Budget Services, Office of School Administration, Office of Human Resources, and Office of Academics. Regional teams will review the adjustments to ensure that the funds related to any increase or decrease in enrollment were budgeted in a manner consistent with the school improvement plan. The team will also review school staff assignments to confirm vacancies and avoid any possible overstaffing.

Central School Programs and Supplements

Advanced Academic Programs

Advanced academic programs support the expansion of the Advanced Placement, International Baccalaureate, and gifted and talented programs in MPS. Through a revision of the MPS graduation requirements, all MPS students will graduate with coursework that helps prepare them for postsecondary education.

Allied Health

This program provides district-wide services related to special education. It funds psychologists, social workers, occupational therapists, physical therapists, and nurses. Funding in 2023–24 is \$5.6 million.

Americans with Disabilities Act Support

An allocation of \$60,000 provides accommodations for school staff under the Americans with Disabilities Act. This demonstrates to students that a disability does not necessarily prevent a career in teaching.

Assessments and Interventions

The district has budgeted \$2.0 million for various student assessments and supports.

Building Operations

This account funds the building operations staff at each school site based on the specifications and usage of the building. Factors that determine staffing include square footage, types of heating/ventilation systems, hours of operation, and condition of the building. This account is administered by the Department of Facilities and Maintenance Services.

Career and Technical Education

MPS has allocated \$1.8 million of referendum funding to the area of career and technical education. This includes 10.20 FTEs (4.00 computer science teachers, 7.00 career and technical education teachers, 1.00 culinary arts associate, 1.20 culinary arts teachers). In addition to these positions, the district has allocated \$148,000 to the improvement of career and technical education classrooms and relevant professional development.

Class Size Reduction

Of the referendum funding, \$9.5 million has been allocated to class size reduction. This includes 78 FTEs that have been allocated to provide additional K4 teachers to reduce class size in that grade grouping. This program also includes \$1.4 million allocated to supplies, technology, and non-capital equipment to further enhance the educational experience for our students.

College and Career Centers

The College and Career Centers (CACCs) assist all Milwaukee-area students in grades 9–12 with free college and career support. Twenty school-based centers are open during regular school hours and after school at selected locations for postsecondary planning and enrollment assistance. The CACCs support the college access outreach efforts of MPS, serve as a physical hub for higher education and community partners, and engage families in the support and reinforcement of college attendance for Milwaukee students. A total of \$1.8 million is budgeted for the CACCs to support the continuation of college access programming and increasing the number of MPS graduates enrolling in postsecondary options following graduation.

Common School Fund

The common school fund provides school library resources such as newspapers, periodicals, library automation software, and related software components or licenses. Revenue for the 2024-25 school year is \$3.1 million.

Community Learning Centers

Milwaukee Public Schools partners with local community-based agencies to facilitate 21st-century Community Learning Centers in MPS schools throughout the city of Milwaukee. After-school programs provide students with opportunities to learn and grow in a safe and welcoming environment. Students receive academic support and participate in the arts, leadership development, and recreation enrichment activities on an annual basis. Families of participating students are encouraged to support their child’s education by attending program/school-sponsored educational training and activities.

Credit Recovery

A budget of \$2.3 million are set aside for programs that support students’ college and career readiness. Included in this allocation are teachers based at certain high schools for alternative programs (GEDO #2, competency-based curriculum) to prepare students for graduation.

Educational Maintenance

There is \$396,686 set aside centrally to assist with identified costs related to a variety of building and building equipment repair, remodeling, and maintenance activities. Examples include repair of offices, audiovisual equipment, furniture, and interior painting.

Equity, Access, Inclusion

The Department of Equity, Access, and Inclusion engages in intentional, strategic, and inclusive work that embeds and leverages equity, access, and inclusion throughout the fabric of the district’s culture, practices, and leadership. The department seeks to build, support, and sustain relationships, relevance, rigor, and expectations through an equity lens and culturally and linguistically responsive practices. The work of the department promotes intrapersonal development, interpersonal development, organizational development, leadership development, and culture and climate development in a district and school environment. Engagement of staff, students, families, and community stakeholders in diverse, collaborative efforts and initiatives helps to build a welcoming and inclusive culture that embraces and respects all humanity and all relationships. District-wide professional development and other efforts support building, nurturing, and sustaining equity in action, culturally and linguistically responsive practices, restorative practices, gender inclusion, Positive Behavioral Intervention and Supports, 21st-century practices, and other topics designed to increase awareness, knowledge, skills, and implementation of equity that enable all to grow, thrive, and contribute in meaningful and relevant ways. All work of the department is aligned to the superintendent’s Five Priorities for Success and the district’s mission to daily promote and implement equitable practices.

Instructional Resources

There is \$14 million budgeted in 202–25 for textbook adoptions and instructional resources. This budget funds district-wide textbook and software adoptions as well as license renewals.

Instrumental Music

The Department of Curriculum and Instruction provides instrument repairs and rentals and music lessons through funds designated by school purchases budgeted for \$876,171 in optional services.

International Newcomer Center

Starting in 2017–18, the International Newcomer Center, which historically served refugee students in grades 4–8, was expanded to include high school students at South Division High School. In this program, students learn academic content while simultaneously learning English. Students in the International Newcomer Center are taught using a method called “sheltered instruction,” which integrates language and content instruction. The allocated budget for the current school year is \$1.4 million.

Interscholastic Athletics and Academics

A total of \$5.2 million is budgeted for school interscholastic athletic and academic activities. The MPS interscholastic athletics program contributes to the athletic and academic development of each student while promoting sportsmanship, leadership, and school unity. Interscholastic academics offers competitive opportunities in chess, debate, and forensics. Student involvement enhances oral communication, competency, reading comprehension, listening skills, and quantitative measures of academic achievement.

Learning Journeys

Learning Journeys are extensive, beyond-the-classroom learning experiences offered at no cost to all MPS students. The implementation of Learning Journeys into the MPS curriculum is a district initiative that connects classroom instruction to the greater community where students experience hands-on, relevant learning, engaging both their intellect and imagination. The district, with support from the MPS Foundation, centrally funds both the admission fees and transportation costs for these field trips.

Library, Art, Music, Physical Education

To increase the library, art, music, and physical education offerings to our students, \$19.7 million has been allocated. This includes 153 FTEs across library specialists, and art and music teachers. The district has also allocated \$1.4 million to purchase supplies, equipment, traveling music instruments, and materials to enhance the student experience in each of these disciplines.

MPS Drive

MPS Drive provides free driver’s education to any MPS student between the ages of 15 and 17 1/2. This initiative is designed to eliminate potential barriers preventing a young person from obtaining a driver’s license and works to close the gap between Milwaukee youth and their suburban counterparts as it relates to possession of a driver’s license.

Response to Intervention (RtI)/Positive Behavioral Interventions and Supports (PBIS)

Response to Intervention (RtI) is an organizational framework that guides implementation of a multi-level system of support to achieve academic and behavioral success for all. The RtI framework includes three essential elements:

- High-quality instruction (in academics and behavior)
- Balanced assessment
- Collaboration

RtI is implemented at all MPS schools in literacy and mathematics for academics and PBIS for behavior (with attendance as a responsible behavior) using the MPS RtI process. Research supports that a PBIS system, implemented with fidelity, effectively reduces classroom disruptions and student suspensions through a schoolwide, systematic, tiered-intervention approach that leads to increased student achievement. Schoolwide PBIS provides an operational framework for achieving these outcomes.

School Counselor Positions

A total of \$10.8 million in board funds is budgeted for 90 FTE school counselor positions to ensure that state counseling service requirements are met. School counselors serve as school leaders, student advocates, and team collaborators to remove systemic barriers to student success. In K–8 schools, a school counselor will spend at least one day per week in the school. Pursuant to administrative procedure, the amount of time that the school counselor spends in a middle or high school is determined by the enrollment of each individual school.

School Nurses

Centralized school nursing includes a broad array of services for students, including administration and management of medicine, care for sick and injured students, vision screening, follow-up on immunization compliance, championing the defibrillator program, participation in the development of individual educational programs and other student programs, health and hygiene education, and assisting with managing chronic and communicable diseases. This centrally funded budget provides \$2.7 million for nurses.

School Office Staff

In 2024-25, \$59.1 million is set aside to cover the cost of school leaders, assistant principals, and secretaries. To continue to build a stronger standard of care, an allocation formula determines centrally funded school administration positions. This funding strategy is used to ensure that all schools have the leadership and support needed to grow student achievement.

School Office Support (Bookkeepers)

The centralized school office support account allocates \$3.7 million for bookkeepers and accounting staff to provide traditional and instrumentality charter schools with school bookkeeping services, training and support in cash handling, bank reconciliations, and procurement processing.

School Safety Operations

The \$17 million in the central school safety operations budget provides safety assistants for traditional schools in 2024-25. While safety assistants are centrally funded, schools may budget for additional safety. Funds are also allocated to support LTE safety assistant positions that assist in a limited fashion and scan monitors at schools performing daily weapon scans as well as to support training for all safety division staff. Another critical part of this budget is to provide safety technicians who handle troubleshooting matters in the areas of cameras, computers, and photo identification badges. One other function within this budget is that of a Safety Assistant II who provides instruction to all district staff in the area of violence prevention, which includes the Crisis Prevention Intervention initiative.

School Special Funds

In 2024–25, the school special funds budget is \$57 million. The largest portion of this budget supports open-enrollment payments of \$45.2 million to other districts. The fund includes translation services, the Manhood Development Academy (a program in the Department of Black and Latino Male Achievement), and other school initiatives that may arise during the school year.

School Special Services

This central program provides special education classroom instruction and related services for traditional schools, instrumentality charter schools, and alternative schools. Included in this program is classroom-based staff such as teachers, paraprofessional assistants, and children’s health assistants. It also includes support staff such as speech pathologists, psychologists, social workers, and social work aides for each school. Funding of \$205.9 million is included here for 2024–25.

Substitute Costs

In 2024–25, \$13.1 million is set aside to centrally fund most substitute teacher costs for traditional, alternative, and instrumentality charter schools. Schools cover the cost of substitute teachers when staff is out for professional development. The district entered into a contract with a staffing firm that deploys substitute teachers when the need arises to ensure that all schools are fully staffed. In spring of 2019, the board approved a supplemental teacher pool to increase the availability of substitutes, especially at schools with hard-to-fill assignments. This staff is eligible for benefits and is assigned based on district needs.

Summer Academy

Board funding for summer school and the Extended School Year (ESY) program totals \$3.1 million. The ESY program for students with special education needs has an allocation of \$1.5 million. Summer Academy is held at 14 different school sites across the city as well as virtually.

June Summer Academy is a four-week session held for students in grades 7–12 on the early start calendar. July Summer Academy is a four-week session held for students in grades 7–12. Both sessions offer in-person and virtual options. Students are able to complete or take courses, build proficiency in key skill areas, engage in work-based learning experiences, explore different careers, and get ahead or stay on track for graduation.

Summer Wraparound Sessions

Funding for summer wraparound sessions from the Extension Fund totals \$2.5million in 2024–25. To offset learning loss and accelerate learning, Summer Academy for elementary students was expanded to six weeks and

consisted of six themed camps: Math Rockstar, STEM Camp, Superheroes among Us, My Place in the World, Get Arts Wild, and Languages of the World. Students could participate either virtually or in person. Middle school students had the opportunity to engage in exploration camps or the Grade 8 Promotional Program, and some rising ninth graders were able to earn high school credits. Summer Adventure virtual field trips and presentations offered enrichment experiences for Summer Academy students. Healthy meals were provided to all participating students.

In August 2022, Freshman Bridge the district began to offer at twenty-two high school sites, providing incoming freshmen with the opportunity to engage in academic experiences and team building to prepare them for a successful start to high school.

Supplemental School Support

This fund provides \$5.3 million for various critical staffing needs that are not able to be met in individual 2024–25 school budgets. When fall enrollment is being finalized, finance and school administration staff will work with schools, particularly those adversely impacted by lower-than-projected enrollment. Where necessary, central funds will be set aside to be certain that students’ needs will be met at each school. A reserve is maintained to support mid-year school resource needs due to changing enrollment.

Technology Licenses and Equipment

The district uses various software packages, equipment, and maintenance agreements that require an annual payment for their continued use. This budget of \$5.9 million is specifically for academic, business, and other school-related software in addition to the devices that are provided to students.

World Languages

Through a revision of the MPS graduation requirements, all MPS students will graduate with coursework that helps prepare them for postsecondary education. Beginning with the graduating class of 2021, students have graduated with two credits of world language. A total of \$22.5 million is allocated and staffing is centralized and administered by the Department of Bilingual Multicultural Education, but schools have input and are able to choose which languages they would like to offer.

Wraparound Services

These services at over 100 locations include social, emotional, health, enrichment, and other critical services provided beyond the classroom to help students and families achieve academic and personal success. District departments and community organizations provide services to several thousand families in the following areas: whole-child supports to address academic concerns, physical health supports, mental health activities, extended learning opportunities, and college and career supports.

Summary of Funding Mechanisms for MPS-Staffed Schools

The combination of providing per-pupil allocations with centralized funding for selected areas allows the district to meet strategic goals as follows.

- **Equity**—Students are funded equitably regardless of which school they attend.
- **School Empowerment**—Schools have both the autonomy and the responsibility to design their school programs to best meet their students’ needs.
- **Innovation**—Principals have the freedom to organize their school in whatever way they believe will best serve their students.
- **Accountability**—Every school controls its own budget, and school leaders are responsible for resource decisions and related outcomes.
- **Transparency**—A weighted student formula in both school-based and central allocations makes it clear to all relevant stakeholders how much money schools receive and how the allocation process works.

At the same time, centralizing portions of the school budgets allows the district to strengthen these goals:

- **Standard of Care**—Certain areas are funded at a guaranteed level regardless of the school’s resources.
- **District Expertise**—Experienced administrators support schools with the allocated supplements to their core budget.
- **Segregation of Duties**—School leaders are able to focus on instructional leadership for their staff and students.
- **Equity and Transparency**—Central allocations (such as art, music, and physical education) are examined to ensure that schools of similar size and type are allocated the same resources.

Non-Instrumentality Charter, Contracted Schools and Programs

Non-Instrumentality Charter Schools

By administrative policy, non-instrumentality charter schools receive the same per-pupil funding amount that the state determines for charter schools contracting through the University of Wisconsin–Milwaukee, Milwaukee Area Technical College, and the City of Milwaukee.

The total amount of instructional and non-instructional support for 2024–25 is based on a per-pupil amount established in the 2023 biennial state budget. Other funding is contingent upon various contractual provisions. Funding for non-instrumentality charter schools is \$81 million for 2024–25.

MPS Alternative Schools and Programs

The district's alternative schools for at-risk students include various educational programs. Funding varies by program. Allocations are different from regular MPS schools because of the variability of program enrollments throughout the year, resulting in different per-pupil rates.

- **Alternative Schools**—Groppi, Project STAY, and Transition High School enroll students at any given point in the school year. Their allocation is based on a formula that allocates a set amount for staff, contracted services, and a dollar amount per student for supplies and other wages. These three schools receive the same centralized support as other traditional MPS schools. The total allocation for these three schools is \$5.7 million.
- **South Accelerated and Vincent Accelerated**—Alternative sites at South Division and Vincent are expected to enroll 100 students each. These schools each receive an allocation of three regular education teachers, a special education teacher, and a teacher leader, plus additional funding for contract services and supplies.
- **Success Center**—The Success Center is a collaborative program that partners with a number of community organizations to support students and families in search of therapeutic services to improve their emotional well-being. Students and families have the opportunity to engage in group and individual therapy provided by licensed therapists, art therapy, therapeutic yoga, and therapeutic music and dance. The Success Center team works to maintain and facilitate regular contact between the program, the students' school of origin, and students' families regarding academic and behavioral progress. The mission of the Success Center is to partner with families and schools to prioritize the social and emotional health of students and equip them to better navigate school in collaboration with their teachers and families. The Success Center believes strongly in the tenets of restorative philosophy and strives to cultivate, maintain, and repair trusting relationships as a prerequisite for social and emotional growth.
- **Behavioral Reassignment Programs**—Behavioral reassignment programs provide a continuation of educational and behavioral services for students who are removed from traditional MPS schools for behavioral infractions. This need is met using partnership schools.
- **At-Risk Programs**—The at-risk programs provide educational programming for students at risk of not graduating from high school. Every school district in Wisconsin is required to identify and serve students who meet the statutory definition of being a child at risk of not graduating from high school under §118.153 (1), Wis. Stats. This need is met using partnership schools.
- **Home and Hospital**—Allocation is \$939,471 for students unable to be at a school site.
- **Milwaukee County Collaborative**—Allocation is \$469,289 for programs for incarcerated youth.
- **Pregnant and Parenting Youth**—Allocation is \$983,176 for pregnant students and new mothers and fathers.
- **School-to-Work Transition**—Allocation is \$3.1 million for on-the-job training and vocational programs for students with special needs.

MPS Relationship to the Community

Student Engagement

The Superintendent’s Student Advisory Council was established to support cultures and climates in which the academic needs of students can be met. The advisory council provides the unique opportunity for student voices to be heard and included in decision making. Students take ownership of their education while being afforded the opportunity to gain knowledge and experience in local-level policy making. The advisory council also provides a space for the development of leadership and communication skills for students who are not considered “traditional” leaders. Bringing guest speakers to the advisory council, meeting private- and public-sector executives, taking college and career excursions, and participating in cultural enrichment activities will allow the advisory council to be a robust student association.

Family and Community Engagement

Families play a vital role in the education of their children. MPS works with families and staff to ensure that they have the tools needed to be equal partners in supporting student achievement and school improvement. When families and schools work together, students are more successful, and the entire community benefits.

The district is committed to increasing its family and community engagement efforts. There is a strong belief across the district that a school with involved families tends to have greater trust between families and staff as well as improved academic outcomes for students. MPS uses national best practices, research, and data to ensure positive change. The Department of Strategic Partnerships and Customer Service developed a Parent Coordinator Playbook to assist parent coordinators in their family engagement practices. In addition, an online resource was created to provide schools with important information, tools, templates, and strategies to increase family engagement within MPS schools.

All schools are working to meet the six standards of the MPS Family and Community Engagement framework, the components of which are the following:

- Schools are welcoming and culturally relevant environments.
- Schools are connected to the community.
- Schools have tools and knowledge needed to build relationships with families and the community.
- Families have tools and knowledge needed to be active in school.
- Families have opportunities to build peer networks.
- Families have avenues to serve as leaders.

This family and community engagement framework is supported by research such as the collective impact theory and the dual capacity–building framework. Starting from a strengths-based perspective for both families and staff, MPS works to build core values at all schools within the district.

1. **Shared Leadership**—MPS provides avenues for family leadership and increases two-way communication and involvement opportunities for families.
2. **Equity**—MPS meets families where they are and accesses community assets to equip families and staff with the tools needed to partner in supporting student success.
3. **Cultural Relevance**—MPS creates a welcoming environment that recognizes the backgrounds, knowledge, and experience of all families.

Shared leadership is built at the school level through parent groups and at the district level through School Engagement Councils that liaise with the District Advisory Council.

Equity is built at schools by meeting families where they are and providing the tools necessary to support student success. Cultural relevance is critical if MPS is to build trust with families and communities. The district works hard to ensure a welcoming, customer-focused environment at all MPS schools. Every family of an MPS student should feel as though they belong in that school.

Creating a safe space in every school is essential, but the district must also reach out into the community and ensure that all families have access to MPS. Therefore, MPS has three regional Welcome Centers that serve as “one-stop shop” customer service centers closer to home for families and community members to interact with MPS. Any family currently connected to MPS or interested in learning more will be able to visit centers located inside South Division High School, Obama School of Career and Technical Education, and Central Services to receive assistance in enrollment, bilingual testing, special education referral/Child Find services, family dispute resolution processing, Parent Portal account setup, password reset assistance, and much more. All MPS schools have a parent coordinator to facilitate these activities, and all schools are supported by Department of Strategic Partnerships and Customer Service family and community engagement associates.

School Allocation Detail

School Allocations—Board Funds

2024–25 – Proposed Budget – School Allocations – Board Funds—The spreadsheet that follows shows the distribution of board funds as allocations for individual schools and school programs. Descriptions of the labeled headings on the spreadsheet follow.

- Column 1: School/Department Name—Traditional, instrumentality charter, and alternative schools are listed alphabetically, followed by contracted schools and various school/student programs and funds.
- Column 2: Other 3-Year-Old Enrollment—Number of three-year-olds enrolled in the fall. Schools receive funding only for three-year-olds enrolled in board-approved programs (per-pupil funding is not allocated for Head Start or special education three-year-olds because there are separate funding allocations).
- Column 3: K4–12 Enrollment—Total number of students enrolled in K4–12. Schools receive the applicable per-pupil amount by grade level of school for each student.
- Column 4: Program Support—Allocations include 0.50 FTE teacher for small schools (350 students or fewer), the distribution of cell tower lease revenue, 1.00 FTE teacher for culinary arts, and a 1.00 FTE teacher for Turnaround Arts schools.
- Column 5: ESL Allocation—Funding is based on projected number of staff allocated because of language proficiency levels of the students at the school.
- Column 6: Specialty School Allocation—Additional FTEs and/or per-pupil funding for designated arts, language immersion, dual language, IB, STEAM, Montessori, and gifted and talented programs.
- Column 7: Charter Transportation—Instrumentality charter schools are allocated funds based on per-pupil average. (Only charter schools are required to budget for yellow bus service if needed.)
- Column 8: Charter Audits—Allocation for audit costs at instrumentality charter schools.
- Column 9: K4–12 Per-Pupil Allocation—This is a school’s base allocation, which is calculated by multiplying the K4–12 enrollments by the basic per-pupil amount.
- Column 10: Other 3-Year-Old—Allocation for three-year-olds in board-approved early childhood programs (Montessori and other) at a school. Schools receive 0.50 FTE of the base per-pupil amount for other three-year-olds.
- Column 11: Staff Cost Change—Funds allocated to schools to maintain their “buying power” from FY22 with the increased benefit rate.
- Column 12: Total School Allocation—Total base allocation to each school

School Description

Academia de Lenguaje y Bellas Artes (ALBA) was founded on the conviction that bilingual students can reach their full potential academically, in English and Spanish, when challenged through rigorous academic studies, the integration of fine arts, and the development of critical thinking, problem solving, and creative abilities. Self-confidence and self-worth are developed as the students' cultural identity is both recognized and valued through curriculum. Partnerships with local arts organizations provide enrichment opportunities in music, art, and dance. Parental involvement is a vital component to the success of students. Families at ALBA support the school's uniform and no-transportation policies in order to maintain focus on learning.

School Description

Bay View High School is a "college bound" school offering rigorous STEAM education. The STEAM programming allows students to be engaged in hands-on, design-thinking learning experiences through cross-curricular projects. The school offers students the opportunity to earn college credits through AP and Project Lead the Way courses. All students are enrolled into AP College SpringBoard for math and English language arts. All ninth-grade students are programmed into a freshman academy. The academy structure allows core content-area teachers and City Year members to better support students during their transition from middle school to high school. Bay View also offers students postsecondary training through our two NAF Academies. Bay View offers a variety of after-school programs and maintains strong partnerships with the Boys and Girls Clubs, UWM, a variety of art institutions, and local businesses.

School Description

At Stuart, children come first. Stuart is an IB Candidate School whose staff is committed to academic excellence. The school achieves excellence by providing a relevant, rigorous, and inquiry-based program that is student-centered and based upon the Wisconsin state standards and the IB six disciplinary themes. The availability of technology, such as SMART Boards, document cameras, and Chromebooks, allows students to compete in the 21st century. The school's ESL program serves a diverse student population. Parent involvement is strongly encouraged through the school engagement council, PTO, and classroom volunteers. The school's Camp Stuart before- and after-school program provides child care and homework help. The Stuart School community successfully provides all students with rigorous, high-quality learning opportunities that will allow students to perform at or above grade level in all subject areas and prepare them for success in middle school and beyond.

School Description

Grant Gordon Learning Center is Milwaukee Public School's newest premier early childhood site serving three-year-old head start students from the Milwaukee community. This comprehensive preschool gives students a head start by offering full-day services, small class sizes (17:2), individual instruction, standards-based curriculum, and highly qualified and caring staff. Students are provided with a nurturing environment with an emphasis on the five domains of learning: health and physical development, social and emotional development, language development and communication, approaches to learning, and cognition and general knowledge. This is done through a strong emphasis on allowing children to learn at their individual rate of development through active learning experiences. Grant Gordon Learning Center staff provides children with opportunities to explore and apply new skills by child-initiated activities and through interactions with peers, adults, and materials. All Head Start students receive vision and dental screenings along with medical resources and support for a healthy child. Students try new foods as meals are served family style in the classroom and follow hand washing and tooth brushing routines daily.

Points of School Pride

- During and after school hours, supported each other and embraced new staff members by providing culturally responsive ideas for learning and discipline. Our teachers examined data and shared lesson plans and strategies to increase student engagement and achievement.
- Families involved in parent and family engagement mean students' academic success. Our monthly family fun nights helped our parents to be involved with their children's education and strengthened the home and school connection.
- Strong leadership and positive atmosphere established reputation in the community as a safe school; Hampton students come to us by word of mouth.
- Recognized by the Wisconsin DPI for efforts to implement an equitable system of supports in reading, math, and behavior. The systematic plans to support academic, behavior, and attendance interventions have awarded Hampton School with RtI awards each year thus far.

School Description

Hopkins Lloyd Community School (HLCS) engages students, parents, and the community to work toward the common goals of success for children while enriching parents' lives as well. Students in K5–grade 3 learn in classrooms with no more than an 18:1 student-to-teacher ratio with the AGR program. HLCS provides long, uninterrupted blocks of literacy and math in accordance with MPS's comprehensive plans to boost these critical skills. The school's partners at the Marquette College of Education boost the reading program while City Year members support small-group intervention for students. Students at HLCS have access to a library, technology in the classroom and in computer labs, and coursework in music and art with Arts @ Large partners. The school uses research-based strategies to improve student achievement and to continuously monitor progress. HLCS provides special education services and access to a CLC, offering tutoring and extracurricular activities. The school is a safe, positive learning environment in which students can grow academically while building connections to their community.

Principal: Sara Cruz
Board Member: Jilly Gokalgandhi
Region: East
Grades: K4-5
<http://www5.milwaukee.k12.wi.us/school/fratney>

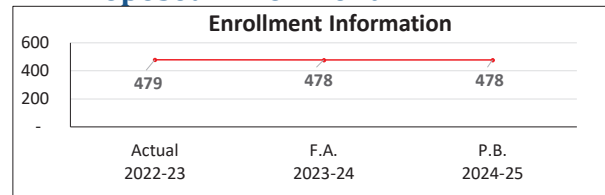

School Description

La Escuela Fratney provides a rigorous curriculum in English and Spanish that includes a focus on social justice and multiculturalism. We encourage a high level of collaboration with families and the Milwaukee community. Dual language immersion allows English-speaking students to learn Spanish as their Spanish-speaking classmates learn English. The school offers a safe and respectful place for students, staff, families, and community. Families are recognized as the first teachers of their children, and it is with their support and participation that Fratney is a caring and responsive place.

Points of School Pride

- Recognized nationally by the U.S. Department of Education as a 2020 honoree for our efforts in sustainability (first MPS school and first Wisconsin bilingual school to be honored). Lincoln Avenue underwent a transformation by prioritizing sustainability and linking environmental health to academic achievement. The school and partner agency, Sixteenth Street Community Health Centers and its Department of Environmental Health, have worked to transform the outdoor spaces to include green infrastructure and interactive green spaces. The curriculum for every grade level has been aligned to these outdoor spaces.
- Received "Sugar Maple" status (highest distinction awarded to schools in Wisconsin through the Green and Healthy Schools Wisconsin for demonstrating achievement).
- Met expectations on Wisconsin DPI School Report Card.
- Attained community school designation with partnership from 16th Street Clinic and other businesses.

School Description

Lincoln Center of the Arts (LCA), the “Hear of the Arts” offers families a location near downtown’s arts and cultural attractions. The school is a highly requested school where students study with and through the arts, positively impacting the academic achievement of all students. In addition to daily core academic and arts classes, LCA offers a two-way bilingual program and the opportunity to participate in high-quality school performances. The school’s resident artist program has professionals working with students and staff. LCA is connected to the neighborhood. Many students continue their arts education at Milwaukee High School of the Arts or other high schools throughout the district.

Points of School Pride

- The Verizon Innovative Learning Schools initiative at Lincoln Center of the Arts is well under way in its first year of implementation and already looking forward to mentoring incoming schools next year. Through an all-hands-on-deck approach, every staff member supported rollout, preparing swag bags with essential school supplies and additional goodies for every student. LCA staff to date have distributed bags and new Samsung Chromebooks with much-needed Wi-Fi enabled on each device to 81 percent of our students and counting.
- LCA remains an active and productive member of the City Year Cohort 2 Network for School Improvement (NSI) grant initiative. In collaboration with City Year NSI, LCA teachers select a change idea and employ intentional strategies to build belonging and engagement in our classrooms through a continuous improvement process.
- We are working to create cooperative and respectful classroom climates in which students and teachers work through behavioral issues together. Better than Carrots or Sticks: Restorative Practices for Positive Classroom Management is the book of choice for our staff book study.

Principal: Catherine Loss
Board Member: Darryl L. Jackson
Region: Central
Grades: K3-6
<http://www5.milwaukee.k12.wi.us/school/barbee>

School Description

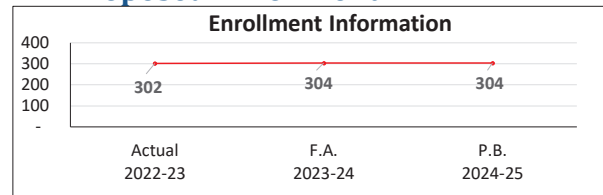

Lloyd Barbee Montessori School offers students in K3–grade 6 the opportunity for a high-quality Montessori education in a vibrant, nurturing environment. The Montessori method of educating students is based on the philosophy that children reach their fullest potential through multi-age interactions in an inquiring, cooperative, and encouraging atmosphere. Staff focuses on fostering competent and responsible students who demonstrate creativity, concentration, coordination, and independence in their work. Barbee is also a member of the Green and Healthy Schools Wisconsin and works to teach students about healthy living choices and the environment. Barbee offers an arts program that includes visual arts, music, instrumental lessons, and an after-school drama program through Partnership for the Arts. These programs offer opportunities for students in the arts that broaden cultural experiences.

Barbee Montessori Camp offers families before- and after-school care from 7 a.m. to 6 p.m. and is open during the summer and other school breaks. The camp partners with the MPS Recreation Department to provide recreational programming as well as academic supports.

School Description

Lowell International Elementary School is a culturally diverse, family-oriented community that offers classes in K4 through grade 5. Lowell participates in the state-funded literacy initiative, Achievement Gap Reduction (AGR), which supports reading intervention in K5–grade 3. Lowell aims to develop well-rounded students with character who respond to challenges with optimism and an open mind, are confident in their own identities, make ethical decisions, join with others in celebrating our common humanity, and are prepared to apply what they learn in real-world, complex, and unpredictable situations.

Lowell Elementary is an International Baccalaureate Primary Years Programme World School. International Baccalaureate (IB) schools share a commitment to a high-quality, challenging international education. The Primary Years Programme prepares students to become active, caring, lifelong learners who demonstrate respect for themselves and others and have the capacity to participate in the world around them. It focuses on the development of the whole child.

- 2021-2022 Maple Tree Awarded Delta Dental Cool Water Program Grant (Bottle Water Filling Station); further support virtual hybrid student learning; student health and safety focus during the Pandemic.
- 2021-2022 Maple Tree 5th grade students created a Wax museum to research, honor, and celebrate famous African Americans. Several news stations visited and interviewed students. Many students memorized their speech and dressed in attire to resemble a famous African American. Students learned more about black history and the powerful impacts on society many African Americans made.
- 2021-2022 Maple Tree Elementary was selected as a 2021 Whole Kids Foundation Garden Grant recipient! This grant taught our students to grow fresh food and support the environment! We know the best food we could feed our children and ourselves needs to be fresh, clean, and unprocessed.
- August 2020–present: Maple Tree Restorative Practice School; assigned an MPS restorative practice coach, notably one of six district-wide.

School Description

Bay View High School is a "college bound" school offering rigorous STEAM education. The STEAM programming allows students to be engaged in hands-on, design-thinking learning experiences through cross-curricular projects. The school offers students the opportunity to earn college credits through AP and Project Lead the Way courses. All students are enrolled into AP College Spring Board for math and English language arts. All ninth-grade students are programmed into a freshman academy. The academy structure allows core content-area teachers and City Year members to better support students during their transition from middle school to high school. Bay View offers students postsecondary training through our two NAF Academies. Bay View offers 3DE re-engineers high school education to be more relevant, experimental and authentically-connected to the real world. Bay View offers a variety of after-school programs and maintains strong partnerships with the Boys and Girls Clubs, UWM, a variety of art institutions, and local businesses.

- Distributed materials monthly for families to support virtual learning; in November made and distributed 200 pie kits to families with video for family enrichment.
- Family and staff volunteered all summer and into the fall for socially distanced work to maintain the school gardens and hoop houses. This allowed for weekly donations to local restaurants and community organizations providing food support to families in need (also additional insulating efforts at the hoop houses thanks to donated materials to keep greens growing all winter long).
- Continued to grow our outstanding band and drum corps programs.
- Held food drive to support our own families who need it most. Twenty families received gift baskets filled with supplies. Staff adopted families also for holiday gifts.

School Description

Milwaukee Spanish Immersion School (MSIS) provides English-speaking students the opportunity to learn Spanish in an immersion environment where it is the primary language of instruction. The school is designed to teach students the Spanish language while incorporating cultural awareness and diversity. Students become proficient in the second language and develop an appreciation for Hispanic cultures. Children are accepted in kindergarten and grade 1 only. Previous Spanish language experience is required to enter grades 2–5. Children receive reading instruction in English beginning in grade 2. With the popularity of the program, the Lower Campus opened in Fall 2016 at 3575 S. 88th Street, Milwaukee, serving children in the lower grades K4—Gr.1. The original S. 55th Street Campus is now known as the Upper Campus and serves children in the upper grades 2– 5. MSIS graduates continue their immersion education at Milwaukee School of Languages.

School Description

LaFollette offers families a safe, inclusive educational environment with one basic goal: the education of all children through high expectations, social and emotional learning, and rigorous instruction in order to see each student reach their highest level of academic achievement. The school offers small class sizes (18 students to one teacher) through grade 3 thanks to the AGR program. LaFollette has two computer labs and multiple computer carts to ensure that students receive up-to-date technology classes, gym classes, a health clinic with a nurse, school uniforms, transportation, and a strong group of programs aimed to help students with many different special needs. Families come first. We have a full-time parent coordinator, school social worker, trauma support specialist, and school psychologist (four days a week) to coordinate family activities and support with any family needs or concerns. The school rewards and promotes positive behavior through strong implementation of PBIS.

School Description

Assata High School was established as an MPS partnership school in 1992. Assata is a program that serves students who are at risk of not graduating as defined by Wisconsin state statutes. The Assata approach implements strategies that empower students through self-esteem, self-reliance, and increased knowledge and appreciation for African American culture and its relevance in today's society.

Assata is a holistic, student-centered, at-risk program with small class sizes for students who are behind in credits and academic skill levels. Assata's education program is designed to integrate historic contributions and experiences of African Americans into the daily curriculum as a means to expand both subject and content knowledge needed to overcome credit deficiencies. Assata's current contract term ends June 2024.

School Description

Banner Prep was established as an MPS partnership school in 2006. Banner Prep provides a continuum of services for students who have been assigned to this school as a result of an MPS Central Services hearing. During this designated length of time, Banner provides a small-school learning environment, academic and personal growth opportunities, and supportive personnel to assist each student's desire to get back on track with their education journey. Students develop and focus on individual academic, behavioral, and personal growth goals. Banner has launched a school-wide literacy and numeracy skill development initiative across all content areas to strengthen academic skills. Each student is expected to meet his/her academic and behavioral goals as written in their individualized student learning plan. The school strives to maintain an environment that depicts the core values of respect and perseverance while preparing students to make responsible choices and becoming college and career ready. School Description

Hmong American Peace Academy (HAPA) was established as an MPS non-instrumentality charter school in 2004. HAPA is the first Hmong charter school in Wisconsin. HAPA provides students with rigorous academics, character development, and Hmong cultural values, preparing them to excel in colleges, universities, and careers. HAPA achieves its mission by building cultural pride, instilling high expectations for achievement, and empowering students as peace builders. Hmong heritage, including the language, culture, and history components, acts as one side of the triangle. Side two of the triangle is a strong standards-based curriculum. The third side of the triangle is a community peace program known as PeaceBuilders. HAPA's vision is "Forever forward" because at HAPA, we are building a community of peace builders and lifelong leaders. HAPA has an additional campus located at 7171 W. Brown Deer Road and a third campus located at 8200 W. Denver Avenue. HAPA's current contract term ends in June 2023.

School Description

Milwaukee Environmental Sciences Academy (MESA) was established as an MPS non-instrumentality charter school in 2013. MESA is a year-round Milwaukee Teacher Education Center charter school serving students in K4–grade 8. The school uses the expeditionary learning model to support engaging, environmentally themed learning projects. Projects are combined with rigorous math, reading, and character education programs to put each student on the path to college and career success. The school provides a safe, supportive learning environment, healthy meals and fitness, fine arts programming, and partnerships with families to promote learning. MESA's current contract term will end June 2022.

School Description

Shalom was established as an MPS partnership school in 1987. Shalom offers an academic program leading to a high school diploma for students who meet the criteria of being "at risk" as defined by Wisconsin state statutes. Shalom has developed a competency-based accelerated learning model. It is based on leading educational research. Students earn credits through the traditional classroom model and through competencies. Students must also prepare and present a senior portfolio before a graduation committee. The mission of Shalom High School is to allow at-risk students an opportunity to earn high school diplomas and to prepare students to be productive, successful adults and good citizens and to become responsible, mature members of their communities. Shalom's current contract term ends June 2024.
