

**OFFICE OF AUDIT SERVICES
ANNUAL PLAN OF AUDITS – FISCAL YEAR 2021**

FINANCIAL AUDIT

A) Audit: Basic Financial Statements

MPS is required to have an annual examination of the MPS basic financial statements. The Office of Board Governance-Audit Services has overall responsibility for the annual year-end examination and contracts with a certified public accounting firm to perform the audit. The accounting firm conducts the audit in accordance with government auditing standards to form an opinion on the basic financial statements. The audit includes audits of the two early-retirement pension plans, a Report on Internal Control, and a Status Report on the Prior Year’s Internal Controls. In addition to the financial statement audits, the district is also required to have a Report on Federal and State Awards (Single Audit), Student Membership (general, summer school, and integration transfer program) Audits, and a Parent Consent Audit.

- The Single Audit satisfies the audit requirements of both the state and federal governments for all state and federal funds received by MPS.
- The Student Membership Audits and Parent Consent for Transportation Audit satisfy the audit requirements mandated by the Wisconsin State Statutes and the Wisconsin Department of Public Instruction.
- The Report on Internal Control details areas where internal accounting controls need to be enhanced. A separate report is also provided which reports on prior year management comments and management’s progress in implementing those recommendations.

In addition to coordinating and monitoring the year-end audit activities, Audit Services is responsible for completing various segments of the year-end audit.

The objective of the performance/compliance audit is to report on the charter school’s compliance with the performance, administrative, and fiscal provisions of the contract.

The charter school has the option to contract with Audit Services or with an independent certified public accountant to perform the audits for FY21 activity. Five charter schools have contracted with Audit Services.

Schools presently have control over a significant portion of their local school budgets. In addition, schools are expected to achieve accountability standards, meet the Board’s strategic objectives for student achievement and equity, and comply with fiscal and administrative guidelines. The program continues the cyclical audits of MPS schools. Fifteen (15) schools will be selected for audit during FY21.

The purpose of the review is to assess whether the existing internal controls over the school’s financial activities can be relied upon to ensure that student-activity-fund, fixed-asset, and payroll-

exception-reporting financial transactions are properly authorized, recorded, documented, and safeguarded. Compliance with fire drill, textbook management, and student attendance procedures is also reviewed.
