Special Terms for Teacher Toolbox

These usage terms for Teacher Toolbox are designed to ensure that your students get the most out of the resources inside your Teacher Toolbox while preserving the rigor and integrity of the materials for your students and others

Because the teacher materials inside Teacher Toolbox include assessments and answers to assignments, we kindly ask that you do not post or share teacher-facing materials from the Teacher Toolbox. Posting answer keys and teacher-facing materials enables students—both in your district and in other districts—to access answers to their assignments and miss out on valuable learning experiences. While our Terms of Use do allow you to post student-facing materials on a password-protected learning management system (LMS), posting of teacher-facing materials is prohibited

Teacher Toolbox is intended for use by teachers and school administrators only. The PDF files within Teacher Toolbox contain content that is included in CA's proprietary Ready Classroom and Ready curriculum materials. These PDFs are provided to you on a limited permission basis. Educators and administrators from schools or districts that have purchased licenses to Teacher Toolbox may download PDFs to their computer for their own reference and may post PDFs of student materials to any of the password-protected learning management systems listed below, as long as such LMS can only be accessed by individuals associated with your school or district with a valid username and password. If you post Toolbox materials or content that includes or is based upon Toolbox materials in an LMS that permits content sharing, you must restrict content sharing and usage to licensed users of Teacher Toolbox. *Please note that it is a violation of these Terms of Use to save files in a manner that overrides any security settings*

Curriculum Associates offers no assurance that our suite of products will function properly when accessed via any approved LMS platform. If you experience any issues using an approved LMS platform then you should contact the organization that manages that particular LMS.

If you would like to upload student-facing Teacher Toolbox materials to an LMS not listed here, please contact your Account Manager.
